## What's the 3R Fund?

The 3R Fund is a co-funding scheme to encourage organisations to reduce waste disposed of at NEA's incineration plants and disposal facilities through the implementation of waste minimisation and recycling projects.

## Project requirements

### Goal:

- Increase of the quantity of solid waste recycled, or
- Reduction in the quantity of solid waste generated.

**Minimum tonnage:** at least 100 tonnes reduced, reused or recycled over the whole project duration.

## Quantum

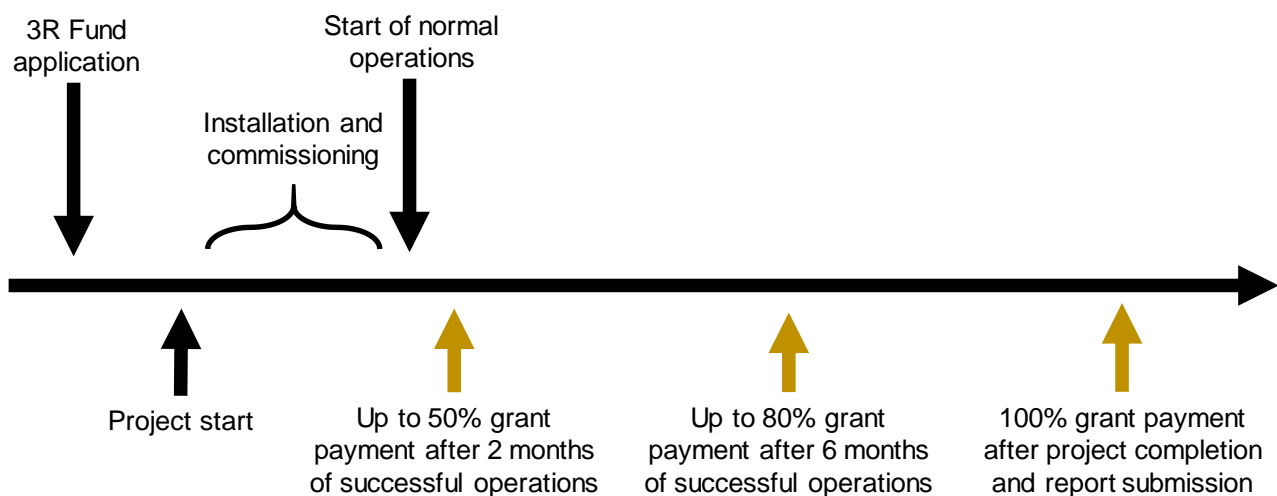

**80% of the project value up to \$1M**

Special rules apply to off-the-shelf technologies or applicant which is a signatory of the Singapore Packaging Agreement (SPA).

## Qualifying costs

1. Manpower
2. Equipment, materials and consumables
3. Professional services (e.g. consulting, sub-contracting)
4. Other costs relevant to the project

## Timeline

## Notes

---

Projects must **not** have commenced at the time of application (i.e. issuing of purchase orders for equipment, conducting collection and recycling of recyclables, etc. (whichever is earliest))

The maximum project duration is 3.5 years. Within the 3.5 years:

- Maximum duration of the preparatory phase: 0.5 years
- Maximum duration of the operations phase: 3 years
- Minimum duration of the operations phase: 1 year.

## Documents required for application

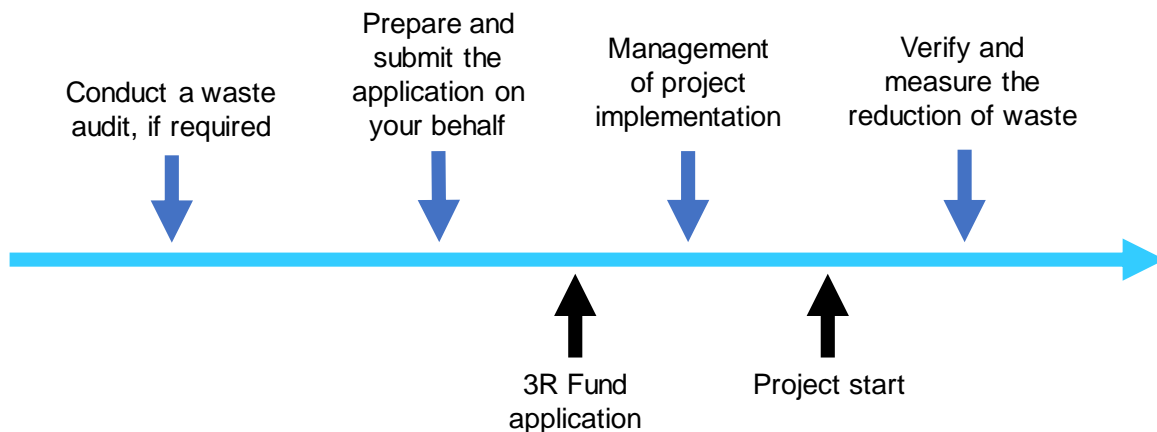

---

The following are required with the application:

- Completed Pre-Assessment Form
  - Details of organisation/company
  - Project Description
  - Waste Details
  - Detailed Cost Breakdown
  - Project Schedule
  - Technical details of the system to be implemented
- Waste and recycling data/records of target waste stream(s) for past 12 months
- Waste audit document(s) (if applicable)
- Supporting documents for detailed cost breakdown (e.g. Quotations of equipment, salary slips etc)
- Layout plan for proposed equipment (if applicable)
- Letters of Support (if applicable)
- Financial documents

## How can we help?
